

St Helena Island
Secret of the South Atlantic

FLY-CRUISE TO ST HELENA; ONE OF THE NEWEST FLIGHT DESTINATION PATHS TO HIT THE TRAVEL AIR CIRCUIT.

Fly-Cruise holidays are especially good for cruises that cover long distances, such as transatlantic cruises. Why not take the opportunity to visit St Helena by air and depart our shores via a scheduled cruise ship stopover or vice-versa.

Airlink operates a weekly service which accommodates 6 business class and 70 economy class passengers. Booking information can be found on the official [Airlink website](#) or [sthelenatourism.com](#).

On island we have a range of accommodation offerings: Bed & Breakfast, Hotels, Guest Houses and Self-Catering. Further information can be found [here](#).

Various Car Hire options are available on island. Further information can be found [here](#).

We offer a variety of tours and excursions which can be arranged and facilitated through a local DMC. All tours available are well planned and enable visitors to view the island's magnificent landscapes, its history, its people and key sites. A full Island tour which usually lasts about 4 – 5 hours is a great way to view the entire Island; an experience to see the varying contrasts in geology, nature, architecture and historical attractions. Visitors can arrange an island tour with various local tour operators or hire a car and explore the island at your leisure. Further information on local DMC's can be found [here](#) and tours and excursions can be found [here](#).
